Lakshmi Narain College Of Technology

08/2019 - 06/2023

Information Technology

▫ 8.02

Bhopal

### 12th

Angle's Abode Public School

07/2017 - 07/2018

Maths

▫ 75%

Tikamgarh

## WORK EXPERIENCE

### Machine Learning And Artificial Intelligence Research Intern IIT HYDERABAD

01/2022 - 02/2022

Speech Recognition Project

- Implemented a human speech recognition system that converts live human speech to written text. Did a research on the importance of convolution and other mathematical aspects that are required in machine learning.

## CERTIFICATIONS

### C++ Programming (06/2019 - 08/2019)

Have learned all the concepts which were delivered in this course called "Beginning C++ Programming - From Beginner to Beyond" on Udemy.

### Java Programming (07/2021 - 10/2021)

Because of this course I have become more inclined towards Java.

## PERSONAL PROJECTS

### The College Finder (06/2022 - Present)

- This website helps students to find suitable colleges according to their preferences. One can visit the website, feed the required details and can get the apt colleges to get enrolled in.
- This project is built using conventional Web Dev techs like HTML, CSS and Bootstrap to enhance its UI. Django framework was used for the backend.

### Speech Recognition project (01/2022 - 02/2022)

- This System converts live human speech to written text. Did a research on the importance of convolution and other mathematical aspects that are required in machine learning.
- In this project I have used python library- Numpy, pandas, matplotlib, scikit.

### Cryptoverse (11/2021 - Present)

- This website provides updates and current price of the top 100 crypto's across the globe.
- One can get the latest news of the Crypto's like Bitcoin, Ethereum, Tether USD and their Exchange rates too.
- This project is built using Conventional Web Dev Techs like React.js and Rapid API.
